"Carouselle" and "The Tree" Compete in Play Festival

1

This year Hilton High School held its First Annual One-Act Play Festival. Mooney submitted two plays: "Carouselle" and "The Tree".

"Carouselle" tells the story of a merry-go-round which breaks down because the animals cannot get along with each other. Each one has a personality flaw which prevents him/her from connecting with the others. In the end, the Songbird unites the characters. Once again the Barker shouts the praises of Bull, Pony, Doe, Moose, and Songbird as the music plays and the ride spins around.

"The Tree" depicts the story of Creation. However, in the beginning of this tale, there are two Adams - one white and one black. As they struggle to discover who is the real Adam and where Eve is, God tries to straighten them out. To their suprise, God is black and female. She finally calms them down and they live together the way she intended, "beautiful like the zebra."

Whether it is the last few seconds before class, the class itself, or the hours spent after school, student life at Cardinal Mooney is very much alive and thriving. As all students agree, these are irreplaceable moments with each other, moments that will fondly be recalled in future years at future class reunions.

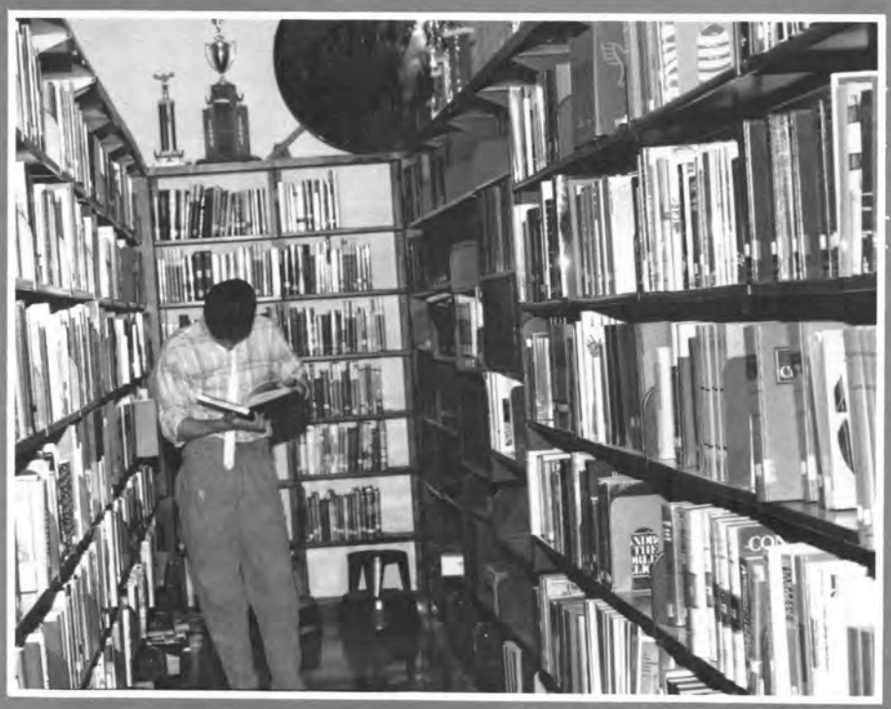
Guidance

The Guidance department has expanded its services to both students and parents this year. A new sophomore testing program has been added. It is designed to give the counselor and student information concerning academic achievement, career decision-making and study skills information with a needs assessment. Our guidance computer services has expanded to eleven programs, including financial aid for colleges. The guidance resource center was opened first semester on Wednesday evenings for parents and students. A parent discussion group was formed and met one evening per week, sharing information concerning the family, parenting issues and adolescent development.

Amy Williams and John Yim consult with guidance counselor, Fr. Donald Haycock.

Resource Areas Expand Services



Library

The library is a busy place daily. It is a place for study and research before and during school hours. Instruction in library use is given at the freshman level and specialized reference materials are introduced at the upper levels. The reference section is strong and kept up-to-date and the periodical collection keeps students and staff abreast of many topics. The library also houses a coin operated copier for student and staff use.

Developing the Spiritual and the Physical

1

Theology

The Theology department has a two-fold mission. First, each student must demonstrate academic competency in certain fundamental concepts of the Roman Catholic faith. Secondly, each student must be challenged to grow and reflect on his/her faith commitment to Jesus. Through the knowledge and caring attitude of the faculty combined with the effort and respect of the students, this was a successful year for the good news of Jesus Christ.

Physical Education

Several major changes and additions were made in the Physical Education program this year. A new, fully matted room for wrestling, tumbling and aerobics was completed; two new storage areas for gym and athletic equipment were added, and the old, small lockers in the boys' locker room were replaced by newer, full-sized lockers. These projects have greatly enhanced the overall program and were made possible by both the generous donations of Mooney alumni and friends as well as by many hours of hard work by teachers, staff, parents, and students. The Physical Education curriculum was also expanded to include now a unit in indoor racquet sports.

3

Mrs. DiVirgilio assesses the situation in her Calculus class while Shiley Lechner and Marc Baker thoroughly enjoy it.

Mathematics

The Mathematics department continues to stress the importance of fundamental mathematics in students' present and future. Science and math are closely related and many professional careers require this knowledge. The Math Resource Center continues to aid students and faculty.

Calculations and Manipulations

Science

The Science department offers a variety of courses and programs to give students a broad view of their world. Earth Science, Biology, Chemistry, and Physics, including the Advanced Placement Chemistry course, develop a well-rounded individual. This year Environmental Studies was added to the curriculum. This course offers students the opportunity to understand better their surroundings and become aware of the variety of problems under current discussion.

Stan Dobrowny and Bill Mihalitsas delight in "pulling strings" in Physics lab.

Mrs. DeGrandis distributes term paper projects to her junior English class. (Pete Ruggiero, Lisa Smith)

English

The English department continues to concentrate on the five basic writing processes stressed by the New York State writing curriculum: persuasion, self-expression, description, narration, and explication. Teachers show students how literature affects their everyday lives and experiences. The broad spectrum of the various genres in World Literature, American and English Literature as well as in Shakespearean drama is well covered.

Crossing Culture Lines

Foreign Language

The Foreign Language department enriches students' cultural knowledge and offers them the experience of many languages. Offering French, Italian, Latin and Spanish, teachers stress communication and creativity. Students who qualify are inducted into their respective language honor societies. Participation in national language competitions is offered. The festivities of Foreign Language Week and sharing the activities of the International Club expand students' horizons and provide enjoyable experiences as well.

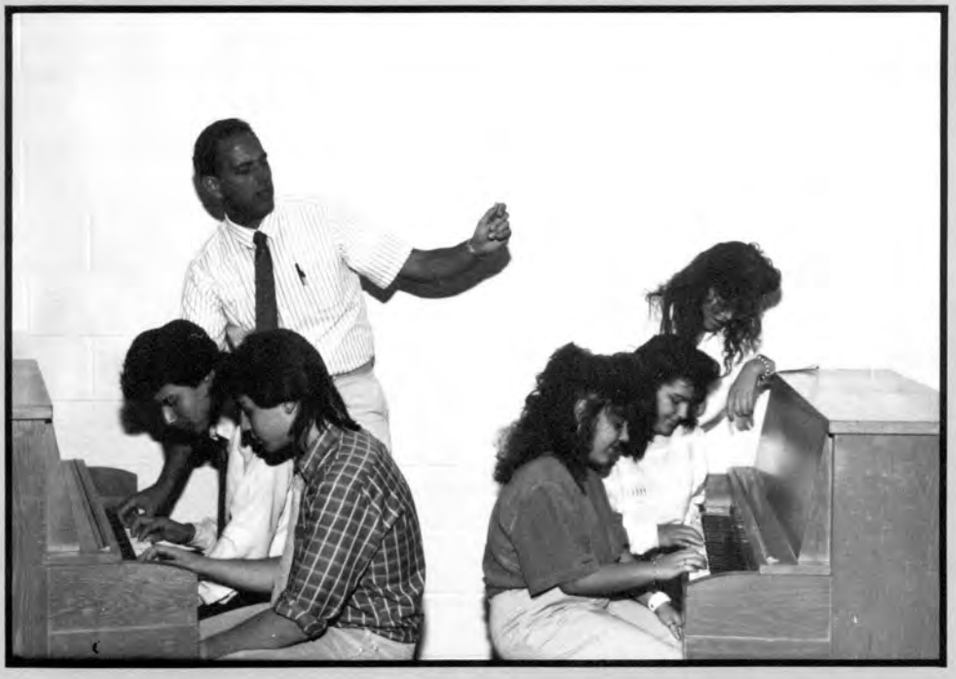
Caught by surprise (and grateful for the break!) are Latin students 'wandering' through a translation of *Ulysses*. (Adam Magee, Tom Kenealy, Mike Kelly, Bill Goselin, Michelle Steiger, Sue Hubbard, Sharon Braun, Chris Callahan with Sister Eymard)

Stressing the Finer Elements in Life

Art

The Art department strives to enhance and develop students' creative abilities. They are challenged by courses like Drawing and Painting I and II, Ceramics, Advertising in Art, Printmaking, and Mechanical Drawing. Photography is currently a full-year course, replacing the one-semester course formerly offered. The annual Scholastic Art Show, sponsored by Sibley's department store, has given public acclaim to many students' work.

Bonnie Smarsh works diligently to finish her latest masterpiece.



Brother Alan Gugel coordinates the musicians in Music Theory class to attain only the best sound. (Mike Buono, David Zacks, Lena DeLuca, Ami Adam, Julie Swiatek-standing, with Bro. Alan)

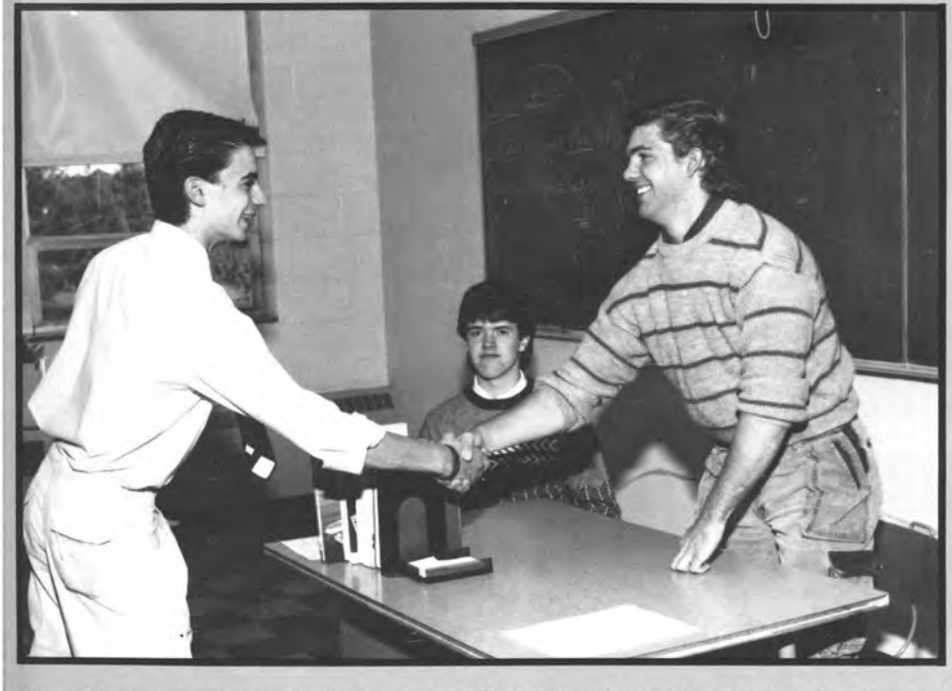
Music

In this, Brother Alan Gugel's second year as Director of the Music department, the Concert Band and Chorus continued to 'strut their stuff'. A Christmas concert spotlighted the talents of the students and the student body was entertained to the fullest. A concert was given in Spring, combining the Band and Chorus. Introductory Band as well as Concert Band continue to be offered. A Music Theory class is also available.

Social Studies

The aim of the Social Studies department is to teach students about the history and culture of all nations. Courses include Afro/Asian Studies, European History, American History, Economics. Participation in Government, Psychology, and Contemporary Issues are part of the curriculum. This year Social Studies 12 was mandated by N.Y. State. In addition, reading, writing, and critical thinking skills are reinforced.

Chris Steiger works as Ellen Stevens discusses her Social Studies 12 project with Sister Marlene.



Simulating a job interview are Bill Bartholomay and Keith Bell as Patrick Cross observes the procedure.

Business

The Business department provides students with the skills and knowledge needed to make decisions in their professional and personal lives. Expansion into the field of computers continues, giving students a welcome headstart in the business world. Keeping pace with modern society is difficult and business courses help students survive and succeed. The activities of the Future Business Leaders of America (F.B.L.A.), a national organization, has been a real asset.

ACTIVITIES

True to say, we are at school to be educated. Being educated is an all-around process, so our work is channeled into doing homework as well as into participating in a variety of activities apart from the classroom. The way in which we schedule our day does require that, every once in a while, we take a momentary pause from the classroom routine to give service, to share our talents, or just to have fun.

"The Boyfriend"
Fun and Frolic Twenties Style

Cardinal Mooney paid tribute to the Roaring Twenties with the '88 spring musical, "The Boyfriend." The musical depicts life and love at a girls' boarding school in France. The annual Carnival Ball serves as the romantic backdrop where the girls find love. Even their headmistress rekindles a relationship with an old flame, realizing that it's never too late to fall in love. An energetic cast of forty students dressed and danced in authentic twenties' fashion. It was hard work, but it paid off with a sparkling performance. It was also much fun for all who participated.

Behind the Scenes They Keep Things Moving

Where would we have been without the stage crew? Their skills and dedication provided beautiful sets for "The Boyfriend," our spring '88 musical. Singlehandedly, they transformed the stage from a boarding school to a sun-baked beach, and finally to a romantic cafe. Taking care of props was no easy task. Thanks to the behind-the-scenes crews, the production was a big success.

"Carouselle" Captures First Place in County Contest

AMA TEAM # 1: FRONT: Danielle Smyth, Erin Hodges. *BACK:* Lucy Gallucci, Mr. Robert ʏth (Moderator), Don Kieffer, John Dudley. *ABSENT:* Jason Mancuso.

"Carouselle" was written and first staged for the diocesan Special Ministries Convocation at Mooney in October '88. It was performed for the school Christmas assembly and went on to become our winning entry in the first annual Monroe County High School One Act Play Competition. The judges were impressed with the depth of the cast's protrayal of character and awarded Lucy Gallucci and Erin Hodges first and second place, respectively, as best actress. John Dudley was judged best supporting actor and the show took second place overall as the best production. It was scheduled to enter the Western New York High School Drama Festival at S.U.N.LY. Geneseo in May.

"The Tree" Wins Top Billing in State

DRAMA TEAM # 2: Don Kieffer (kneeling)/ Jeff Frisk, Kim Key, LaTanya Jones, LaSha MacCranely.

"The Tree" was written as Mooney's entry in the N.Y. State Martin Luther King, Jr. Fine Arts Competition. The cast's comedic representation of the Creation story, with exceptional comedy performances from Jeff, LaSha and Kim, took it on a double round of competition for the semi-finals and finals of the state competition. It finished in the top eight entries from high schools throughout the state. It was the centerpiece of the school celebration for Martin Luther King, Jr. in Jan. '89. It was also performed in Hilton for the Monroe County contest, but a perfect performance was marred, in the judges' eyes, by the brevity of the time restraint required for the state festival.

Follies '88

"There's No Business Like Show Business"

1

The 1988 Follies returned to Mooney's stage veterans of Follies performances over the past twelve years. The tradition of excellence in entertainment established by a dozen efforts was, once more, met by the talents of Mooney alumni, family and friends.

"There's No Business Like Show Business" featured the music of Irving Berlin in a first act filled with nostalgia and glittering with the song and dance his hundred years of genius have produced.

. . . And there was newness and novelty! The "young bloods" dominated the second half of the show, moving to the music of "Dirty Dancing" and peaking with an outstanding performance of excerpts from the Broadway show of the season, "Phantom of the Opera".

Follies' greatest grace is that the show opens Mooney's doors and stage - and heart - to old friends, who over the years have lent their talents to help the school and each year renews the invitation to alumni and new friends to celebrate that cause. Together, the old and the new raise a jubilant curtain! . . . until at last, we begin to suspect that there will always be a "Follies" with a song to sing for C.M.H.S. We pay special tribute to this year's musical director Mary Agnes Alrutz-Roy and choreographer, Shelly Steward.

Student Council is an executive committee of students who represent the values and interests of the entire student body. Communication between students and faculty at all levels as well as the promotion of Christian values have been continuing goals. This year the fall and winter Pep Rallies, the Magazine Drive early in the year, and holiday food collections for the poor were very successful. The Winter Formal, boldly held in the school cafeteria, was a true delight and provided a great time for the crowd that came. The Donahue Show" premiered this year, entertaining the school in a new, contemporary way.

Another year of spirit in action began in October at the Homecoming dance and football game. The large turnout at both was a spirited backdrop for the exciting game vs. McQuaid on Sunday. Student Ambassadors Publicize Mooney

1

The recruitment team of teachers and students visits eighth grades and Religious Education programs and makes a presentation, answers questions and speaks with the students about the school. These students act as ambassadors for our school and assist grade school students in making their decision about high school. Usually, the recruitment team for each school is made up of graduates of that grade school along with one of our teachers.

Parents, alumni, friends - they're always there to help in any way they can. Be it the Executive Committee, the Booster Club, the weekly Bingo teams, the annual Carnival workers, the Century Club, they always lend a hand. Parents join them at these events and at Mini-Schedule night, Senior-Parents Dinner dance, Parent-Teacher meetings and whatever else a particular year brings. Our Men's and Women's Guilds meet regularly and are a source of much support. To all of Mooney's dedicated helpers, thank you! You're our best P.R. people!

Peer ministers engage themselves in many activities benefiting both school and community. With staffing retreats, participating in freshman support groups, assisting with liturgy services, and working in the guidance office, the students busied themselves for the good of their peers and others. One highlight was the Winter Carnival held at GrandeVille Proprietary Home in February. Through the efforts of the planning committee, game operators, clowns, Mr. Smyth and Ms. Ginny Bolton, one and all had a great quality time.

Forensics Team Accumulates Awards

Forensics involves two areas of competition: speech and debate. In the speech category there are many challenging events: extemporaneous speaking, dramatic interpretation, dramatic duo, declamation and oral interpretation of literature. The debate category is a values-based verbal confrontation called Lincoln-Douglas. Our Forensics team has picked up a number of trophies in various events, particularly in dramatic duo, an area in which we are extremely talented. Mooney also has won a third place trophy as a team at the Allendale-Columbia meet in January.

F.B.L.A.

Future Business Leaders of America (F.B.L.A.) is a national organization of business students. Its goals include competencies in business leadership, self-confidence, and increased awareness and interest in American business affairs. Activities include district and state competitions, community service projects, fundraising, and social and business activities. F.B.L.A. members also help to manage "The Store", Cardinal Mooney's on-campus store that sells supplies as well as sports jackets and other daily necessities.

Odyssey of the Mind Team Presents "From Gorgon to Gorgeous"

FRONT: Jeff Frisk, Brian Meyer, Erin Hodges. *BACK:* Lori Dudek, John Dudley, Laurie O'Toole, Mr. Robert Smyth (Moderator). *ABSENT:* Jason Mancuso.

Odyssey of the Mind is an international competition in creative problem solving, in which students are directed to cross academic boundaries and disciplines in order to create and display clever solutions to intricately designed multi-level problems. This year's team had to present characterizations of a select list of deities from mythology and then incorporate the characters into the dramatization of a modern commercial, advertising a product or service. The commercial had to be staged, complete with standardized Madison Avenue "storyboards" and the inclusion of a jingle to 'push' the product. The Mooney team presented Medusa and Aphrodite in "From Gorgon to Gorgeous", a promotion for Lovely Lady Beauty Cream. It was lovely! But it lost to a spectacular presentation from Spencerport High School.

C.M. Brainstormers Make their Debut

SEATED: Michelle Lourette, John Dudley. *STANDING:* Lori Dudek, Mr. Robert Smyth (Moderator), Brian Meyer, Eric Daniels, Kim Mrva.

Brainstormers is the WXXI live-television version of College Bowl. This was the first time appearance of a Mooney team on the Friday evening broadcast. The show was a teasingly bright academic competition, in which the Mooney team, made hyper by the first-time bright lights, live camera contest, lost to a polished veteran group from Edison High School. Still, it was a great new experience.

National Honor Society Members Lend a Hand

This year the National Honor Society worked hard to serve our community. In addition to the usual tutoring services given and assistance at school events, we 'adopted' a family for Christmas. We raised money to buy clothes, food, and presents for a needy family who would normally be unable to celebrate the holiday. It was a big success and a very touching moment for all.

Limited membership has not affected the spirit or performance of this year's Band and Chorus groups. Through hard work and cooperation the two groups successfully ushered in both the Christmas and Spring seasons with their concerts. The musicians enjoyed also sharing their talents with their fellow students, appearing in several assemblies and services. Under the leadership and guidance of their director, Brother Alan Gugel, both Band and Chorus members learned not only the technical aspects of musical performance, but also the enjoyment such music can bring to our lives.

APOGEE
Focuses Steadily to Re-create Our Year

This year's APOGEE staff, needless to say, managed to keep themselves busy "every now and then", putting some pictures here and paragraphs there. No serious damage was done! Oh . . . . the *real* situation, not the ideal?

The year started in August at the University of Rochester where Varden's Studio sponsored a workshop for editors. There the fundamentals of "yearbooking" were learned by co-editors Kerri Panek and Eric Daniels. From there, history was made and deadlines were met(?) while the line of insanity was crossed more than just once, with one intent: a piece of historical enjoyment that Cardinal Mooney students would always render "their own". Vividly before us was the news received in November that last June's APOGEE had won a first place rating in the American Scholastic Press Association competition, meriting 915 out of a possible 1000 points. That spurred us onward.

John Dudley, this year's Copy Editor, once again wrote and assembled tremendous copy. Business managers Laurie O'Toole, Chris Steiger, Gina Giancursio and Shiley Lechner were key instruments in getting the book sold, produced and distributed during the year. Art editor Mike Pollet provided the aesthetic touch on the cover and dividers. Scott Bartlett, assisted by Maria DiBernardo with other students, took many candids. Sports editors David Dehlman, Jason Terrell, Sue Wegman and LaTanya Jones kept the sports statistics coming. Thanks is not enough to all who assisted in layout. Your work is most appreciated.

The experience was immensely instructive in all ways. Thank you for allowing us the opportunity to do "yourbook".

XEROX AWARD

The Xerox Award is given in the humanities/social sciences field, Established this year by the Xerox Corporation, the award enables the recipient to apply for a special Xerox Scholar Program at the University of Rochester.

Vicki Corrigan, Mooney senior, was chosen as the winner on the basis of her scholarship in the humanities and social sciences, leadership, and community service. David T. Kearns, Xerox chairman and chief executive officer, said the award is designed to recognize and reward the academic achievements of outstanding students and to emphasize the importance of a broad educational background in preparing students for future careers.

Senior Vicki Corrigan receives the newly established Xerox Award in a spring presentation.

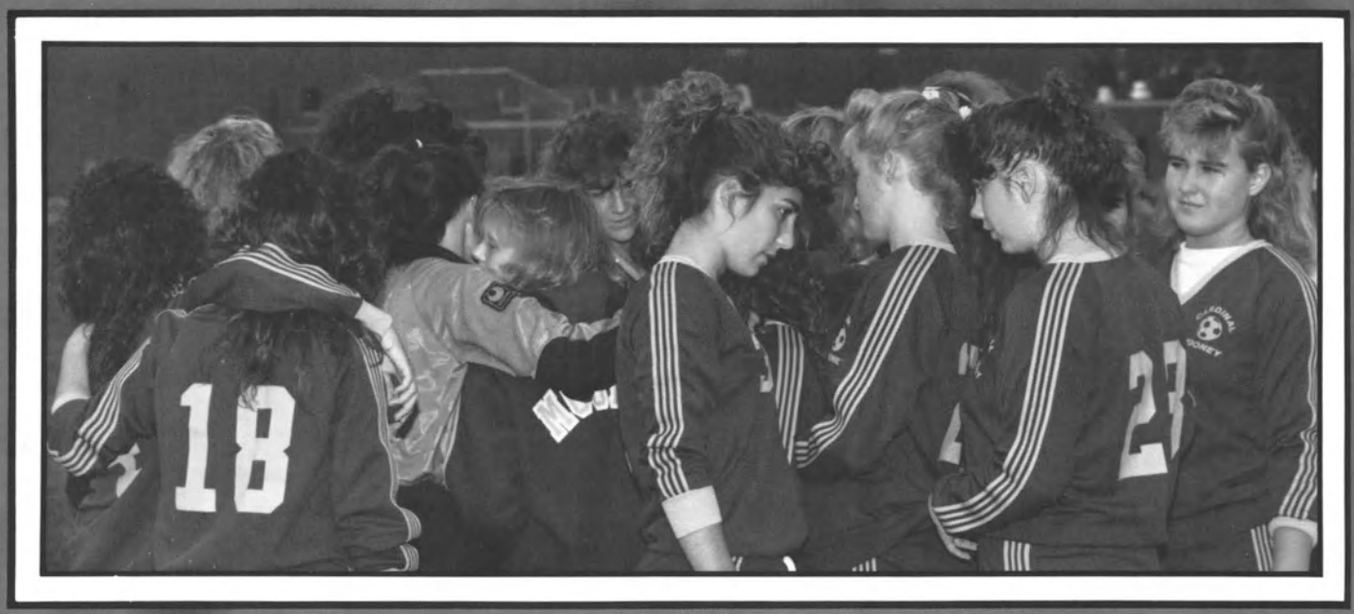
SPORTS



Through the cold of Fall, the snow of Winter, and the rain of Spring, our C.M. athletes in their wins and losses remained unified in their goal. Success for them lay in this and in their dogged determination to give their best effort and so, all teams had 'successful seasons'. These seasons are recorded in this yearbook not as the 'athletes' season but as the 'school' season.

The Girls' Softball team continued its winning tradition by posting a 20-5 record. Fielding a team that included ten new players and a new Varsity Coach, Mr. Paul Forte, Mooney captured its fourth straight league championship and advanced all the way to the Sectional Semi-finals before being eliminated by Webster.

Keys to the team's success were the pitching and leadership of Noelle Feeney, good overall team hitting led by Cheryl Lennox, Julie Kolb and Gia Cucinelli and solid defense. With twelve players returning next season, Mooney looks forward to continued success on the softball diamond.

Craig Kenney defies gravity.

Mooney's very first Lacrosse team made its debut in the spring of '88. J.V. level only was fielded. Beginnings are very difficult, as the 3-9 record shows. League competition was tough as most are veteran teams. The win against Kearney was a thriller, going into overtime. Losses were not marked by crushing scores, so the upcoming season may see an upswing.

J.V. (Fall)

This season was a challenge for the Mooney cheerleaders. Overcoming several injuries during tournament time made the hard work harder. Although they were relatively small in number, they knew their job was to spark school spirit and keep it alive in the fans. That is exactly what they did.

Both Varsity and J.V. teams participated in the Wilson and Brockport Tournaments. The J.V.'ers brought home a fourth place trophy from the Brockport Tournament. The Varsity qualified for the Section V cheer off.

The J.V. team was coached by Kim Heinsler and the Varsity team by Barbara Wolfgram.

The Lady Cards, though unranked, were said by area coaches to be a top ten caliber team in Section V. These were excellent compliments paid to the hardworking five-girl team. Unfortunately, the team never placed its potential performance in Invitationals due to the small numbers. They performed very strongly in league races, however. The continued success of Junior captain Marisa Shackelford complemented by Junior Maureen Scheible's improvement paced the team. Freshman Jaclynn Campbell made her presence well known with outstanding rookie performances. Jaclynn and Marisa were named league All-Stars. The team finished second to Section V champs Mercy in the league.

Despite small numbers, the Mooney boys showed great improvement and strength this season. Junior Mike O'Brien led the team with a 5th place finish in the tough league championships and a 17th place finish in Sectionals. The Cards were reinforced by two excellent freshman runners who filled Varsity roles when needed. The team finished the season with an excellent 8th place finish in Sectionals, defeating rival Aquinas. Mike O'Brien and Brian DeValk were named league All-Stars. The team tied for third place in the league.

The Girls' Varsity Volleyball remained the Private-Parochial League champions with an overall record of 16-1. The very small team with six senior starters and only two back-up players fought through a tough schedule to reach the Section V finals against Wayne. They carried out the match to five games but lost in the last one. Both the spirit and record of the team kept alive the Cardinals' Volleyball tradition of winning.

Team Work, Growth, Scoring Drives Mark the Football Season

For those fans who judge a season only on wins and losses, the Cardinals had a dismal season. Fortunately, however, most intelligent sports fans know there is so much more than that. The real success at Mooney this year dealt with thirty-four athletes and five coaches, their sharing, hard work, sweat, triple sessions, soreness, pain, learning, improvements, struggles, scoring drives, and losses, all rolled into one great experience called the 1988 football season. Coach Walker and a staff of four new coaches learned to work out kinks in coaching philosophies just as the players worked out Monday's stiff joints. Family sharing, growing and great moments of successful football will all be remembered long after the year's record.

The 1988-89 Varsity Hockey team had a series of ups and downs this season. Their 0-13-3 record does not reflect their hard-fought season. After acquiring their new Head Coach, Mr. Rick Sylvester, the Cards began a promising start with a back and forth 7-6 loss to Rush-Henrietta and a 2-2 tie against a tough Hilton team. The season seemed to anticipate more than a couple wins. However, such was not the case as the injury plagued Cards were rarely playing at full strength. Kevin Cosgrove plays tough defense. (Jeff Merkey - back)

According to Coach Forte, this past soccer season was one of the most satisfying experiences of his coaching career. Only a few players returned from last year's squad. This was a very young team and it had to play the usual tough Mooney schedule. But the great tradition of Mooney soccer was something this team was determined to uphold. After a slow start, they finished strong and advanced to the Sectional quarterfinals before being eliminated. The team finished with a 9-6-5 record and played everyone tough, as is proven by a school record of five ties. Highlights include two hardfought ties with Athena and McQuaid, a comeback Sectional win over Rush and a well-played 2-0 shutout of Aquinas.

Mr. Forte is anticipating a successful season next year with several key players returning. Offense was led by Al Ebertz and Al Ford, with the defense being anchored by Greg Czarniak and Jim D'Anza. But the success of this year's team was due to the true team effort.

The Girls' Varsity Basketball team created many goals for the season. Their first was to regain the Private-Parochial League title shared with Mercy last year. Secondly, they aimed to give 90% each game. Thirdly, they wanted to be Section V Class BB Champions. Losing to Mercy three times, they lost the Private-Parochial League title. Each game they worked harder and gave their 90%. They did reach the top, beating Wayne 39-35 to clinch the Sectional title. Two out of three goals were reached and they learned a valuable lesson: never give up unless you're satisfied with what you have.

Jill Banaszewski, Amy Dry, Maureen Scheible, and Kara Bovenzi box out their opponent.

GIRLS: The Girls' Varsity team raced through the Private-Parochial League with a perfect 10-0 record, capturing first place in the league. Seniors Dawn Pickering and Nancy Leimberger were named to the P-P League All-Star team. In Sectionals they finished fourth. Dawn rolled the high 3 games series (541) of the tournament, tied for second high game (202), and for the third straight year was named to the Section V Composite All-Star team. She represented Cardinal Mooney and Section V in the State Tournament in Albany.

BOYS: In a true "team effort," the boys' team finished in second place in the City-Catholic League. On the final day of the season Freshman Brian Hill captured first place in the Individual Handicap Tournament. In Sectional play, each member of the team rolled one game of 200 or more and averaged over 180 per man. The team averaged 907 pins per game which was good enough for a fifth place finish.

Girls' Varsity Soccer Team Advances to Sectional Finals

Julie Monfalcone makes a key save against Mendon.

The Girls' Sectional Soccer experience was very rewarding this year. They played very well against the best competition. They beat rival Arcadia 5-1 to begin the tourney. In the Semifinals they upset #2 Sutherland 1-0. In the Finals they were defeated 2-1 by Mendon, the eventual State champion. The girls came so close to a Sectional title only to be turned away, but their level of play and class behavior left them with a positive feeling. The entire Mooney community was proud of their representation.

Casey Maxim chases down a Mendon Player in the Finals.

Lisa Messuro shoots on goal.

The Girls' Varsity Basketball team accomplished many goals, one of which was to be the Section V champions. Determination prodded us on plus the seniors' last chance to play in Sectionals. Moreover, we wanted to win it for our coach, Mr. Morrison, who had put up with so much this season. With Margie not playing until the middle of the season and Shannon ill with the flu and others not up to par because of illness, it was an uphill climb. Then, Cheryl was injured. The team never really played at full strength. But finally in Sectional play we put it all together for Coach Morrison and our school.

Liz Furey and Jill Banaszewski show their stretching ability.

Marisa Shackelford goes for the points as Cheryl Lennox gets ready for the rebound.

Marisa Shackelford tries to block the opponent's shot as Margie McGuire looks on.

Ready for the rebounds are Colleen Beghini, Jill Banaszewski (in back), Maureen Scheible and Amy Dry.

Lady Cards show their excitement after Section V win.

Cheryl Lennox's shot makes the score 25-22.

Our staff is the binding force which unites the various members of this, our educational body. Our classes, activities, learning, and growing would not function were it not for this group of competent and caring men and women. Day in, day out, the work they do and the example they set creates the atmosphere of Cardinal Mooney High School. We owe them much. Building dreams is an ongoing process which requires hard work by the staff and cooperation on the part of the students. Together we form the Mooney community.

Our administrators are more than that - they are teachers and friends. They give us as students direction and encouragement. They are truly among us and the staff, planning and striving to build excellence. Long hours of hard work and a willingness to listen, to help and to care mark their dedication. In September they keynoted the opening of the school year with the invitation "Come, bring your dreams." They have helped us build them as the year progressed. For this, we express here our appreciation.

1 Posing pals! (Chris Raymond, Nicole Syracuse, Pat DiNicola) 2 Notetaking made easy. (Matt Hoffman, Patty Held, Chad Hummel)

Classes are an integral part of life at Cardinal Mooney. Class participation in planned, sponsored events not only generates class spirit within the school, but also creates a real competitiveness in everything each student does. Classes may be restricted by four walls, but the potential for excelling in their life ambitions is limitless for students.

2

1 A test is usually a welcome break from a lecture in Business class. 2 Who says I can't fly? (Bill Clay, Brett Deuschle, Jim D'Anza, Shawn Farrell (at the wheel), Lisa Dudek, Kevin Aman, Gil Tegg)

Four years of searching, striving, and surviving spearheaded these students to the top position in the student body. They have formed friendships and experienced the exhilaration of their teenage years. Now they lift their eyes to new beginnings beckoning around June's corner. Their structure of dream building is more advanced at this moment and their lives will complete it. We wish you the best, SENIORS!

1 The Olympic logo captures the spirit and talent of the United States team. 2 The Olympic torch burns during the opening ceremonies in Seoul, South Korea. 3 The United States makes a strong showing in the 100m dash. 4 U.S. space shuttle *Discovery* lifts off from Cape Canaveral, the first shuttle launch since the *Challenger* tragedy of January 1986. 5 The 1988 World Series belongs to the Los Angeles Dodgers.

1 Throughout the torrid summer of 1988, farmers watched helplessly as the drought claimed their crops. 2 Hurrican Gilbert ripped through the southern United States, the Caribbean, Central America, and Mexico. It left three thousand people dead, hundreds of thousands homeless, and billions of dollars in damage in its wake. 3 In a major rescue effort, American and Russian teams joined forces to free three California gray whales. Two made it to open waters. 4 Forest fires raged through America's western parklands, heavily damaging Yellowstone National Park.

We said hello to many new friends

3

1 George Herbert Walker Bush is sworn in as the 41st President of the United States while his wife, Barbara, looks on in support. 2 President George Bush and Vice-President Dan Quayle dive headfirst into their administrative duties. 3 Gretchen Elizabeth Carlson erupted in tears as she was named Miss America 1989. 4 It was the biggest marriage of the year: The Beauty (Robin Givens) tames The Beast ("Iron" Mike Tyson). Unfortunately, it did not last even a year, proving that all fairy tales have a happy ending.

1 Ronald Reagan's presidency ends with the signing of a nuclear arms reduction treaty with Soviet leader Mikhail Gorbachev. 2 October 1988: Victims of the Aids epidemic are memorialized by a 375,000 square foot quilt made by the victims' families. All fifty states and a dozen foreign nations were represented in the quilt, unfolded during ceremonies in Washington. 3 Michael Dukakis picks Lloyd Bentsen in Atlanta as his running mate for the presidency, but the duo fail to capture the government's top seat.

This is the story of our year, the memories we share;

Acknowledgements

As Editors of APOGEE '89 we, Eric Daniels and Kerri Panek, hope these words of appreciation might do justice to those who were so much a part of our lives this past year. Thanks to:

First and foremost, **Sister Mary Eymard,** *our Adviser, for your hard work and dedication to APOGEE '89; for your patience, understanding, and accuracy in catching our 'little changes'. You're the best!*

Students and faculty, *for your faces, candidness, assistance, for being yourselves so we might have the chance to create a book to hold your memories.*

Mr. Pat Mangan, *for your understanding of what 'busy' really means. You are the absolute epitome of top yearbook respresentatives from Jostens.*

Varden Studios, *especially Judy Wilson and all the great photographers, for super pictures and for a quick response to our requests. The invisible hand you provide helps hold our memories.*

All those students *who helped on Picture Day and Subscription Drives. You may return to class now.*

Sister Mary Lorraine, *for typing assistance and countless helps.*

Sister Mary Ann Coughlin, *for all those candids we 'borrowed'!*

John Dudley, *for copy work and 'para-literary assistance' in so many ways - it did not go unnoticed. Thank you for everything. You were there. - Eric*

Erin Hodges, *for captioning and copying skills. They enabled us to realize you helped 'write' this book.*

The 'Interior Decorators', *for making the yearbook office a safe haven from the storms of the outside world. I believe we are out of tape . . .*

Mike Pollet, *for cover design and our sandcastles.*

Dave Dehlman, Sue Wegman, LaTanya Jones, Chris Steiger, Laurie O'Toole, Shiley Lechner, *and* **Gina Giancursio** *for tons of behind-the-scenes work.*

Scott Bartlett, Maria DiBernardo, *and* **Michelle Loewke,** *our resident 'shutter-bugs', for all their photographic time and talent.*

All our friends, *who understood when we were 'irritable'. We'll need you now as we go through yearbook withdrawal . . . !*

****

A special acknowledgement: to the Courier Journal *for the first picture on p.17.*
The photo was taken by Linda Dow Hayes.
A note of appreciation: to **Wide World Photos,** *a division of Associated Press, for pictures on pp. 170-173.*

****

Special P.S. from the Adviser to **Eric, Kerri, John and all the dedicated staff.** *The book is closing; the sandcastles are disintegrating; but you were right! The memories will not blow away. I'm clutching the grains of your caring and carving and storing them. My hands - and heart - are full of grains and gratitude.*

God bless you.

Sister Eymard
